

HALLIBURTON

ADVISORY/Landmark Graphics Hosts Houston City Forum; Combining Creative, Team-Based Workflows With Advances in State-of-the-Art Technology

April 3, 2002

ADVISORY...for Wednesday (April 3)

--(BUSINESS WIRE)--

WHAT: -- How does the oil and gas industry keep up with all the external factors while continuing to keep pace with energy demands?

The Landmark City Forum agenda will include keynote speakers, technical presentations and case studies presented by customers and consultants, as well as demonstrations and presentations by Landmark, Halliburton, Magic Earth, GeoGraphix and our strategic partners. The focus will provide opportunities to discover ways that improve teamwork and efficiency through innovative uses of technology.

-- Landmark Graphics, a wholly owned business unit of Halliburton Company (NYSE:HAL), is the leading supplier of software and services for the upstream oil and gas industry. The company's software solutions span exploration, production, drilling, business decision analysis and data management. Landmark offers a broad range of consulting services that enable customers to optimize their technical, business and decision processes.
