How to view your proxy materials and vote your shares

Changes to regulatory requirements concerning the delivery of proxy material provide companies the opportunity to drastically reduce the number of documents they print, resulting in significant savings in printing and mailing expenses and providing significant environmental benefits for all. For your convenience, shareowner proxy materials are available online in a format that is searchable, downloadable and printable. We encourage you to review this material online before voting your shares. It is available to you (via email, phone or Internet) by following the directions in the attached Notice of Internet Availability (“Notice”).

Why did I receive this Notice and not a full set of Proxy Materials?

Companies now have the option of sending a full-set of proxy materials to shareowners or providing them with a more economical and environmentally friendly Notice informing shareowners where their proxy materials are available online.

How do I access my proxy materials online?

The enclosed Notice contains the web site address where your proxy materials are located. We urge you to review the interactive online documents. You can print, download, email or search for specific information before voting your shares.

How do I Vote my Shares?

You can use the Internet to vote your shares. On the landing page of the web site provided in the Notice, locate the box labeled “To Vote Your Shares by Internet” and click on “**Vote Now**” to access the electronic proxy card and vote your shares. You will need to provide the 11-digit control number located on the Notice. We encourage you to review the online proxy materials before voting.

What are the benefits of Notice & Access?

Notice and Access will significantly reduce our printing, delivery and postage costs. This will also help reduce the environmental impact of the proxy voting process as we will be using much less paper for printing and fuel for delivering proxy materials. As a result we are able to reduce expenses and make a positive contribution to the environment.

See the enclosed Notice for instructions on how to receive the full-set of proxy materials in hardcopy form.

Make a positive impact on the environment by reviewing your proxy materials online and voting your shares electronically.
