(1) For purposes of computing the ratio of earnings to fixed charges: (1) fixed charges consist of interest on debt, amortization of debt discount and expenses and a portion of rental expense determined to be representative of interest and (2) earnings consist of income from continuing operations before income taxes and minority interest plus fixed charges as described above, adjusted to exclude the excess or deficiency of dividends over income of 50% or less owned entities accounted for by the equity method.

(2) The pro forma ratios of earnings to fixed charges reflect the issuance of the notes offered hereby and the use of proceeds as described in "Use of Proceeds" in the prospectus supplement.

Note: A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.
